Open Q&A

The screenshot shows a video player interface for Goldcast. The main video area displays the text "Welcome to Goldcast". The top navigation bar includes "Stage", "Agenda", "People", and "Speakers". A "Request 1:1 Demo" button is visible. The right sidebar contains a "Q&A" section, a "Chat" section with a message from "Smitha" saying "Hi all.", and a "Having issues? Send us a direct message" button. A "Turn on/off closed captions by clicking on CC button" callout points to the CC icon in the bottom right corner. The bottom of the player shows a settings gear, a mute icon, a signal strength indicator, and a message input field with the text "Enter your message".

Product SpotLight

26.4.0.c1

Kyle McDonald

Release version change

Starting next release we are adopting a new release versioning format: `year.month.0.cl`.

As a result, next release is `26.3.0.cl`. This aligns our versioning approach with how other global companies do their releases.

CS TOOLS

Provides a suite of high-performance utilities to automate environment hygiene and metadata management.

Includes "The Archiver" to automatically identify and clean up stale or forgotten Answers and Liveboards, ensuring a performant and organized workspace.

Offers "Searchable Liveboards" that allow administrators to explore their own ThoughtSpot metadata using the platform's native search-driven interface.

Features "Syncers" that extract ThoughtSpot data into various formats (CSV, Excel, JSON) and major cloud warehouses like Snowflake, BigQuery, and Databricks.

CS TOOLS

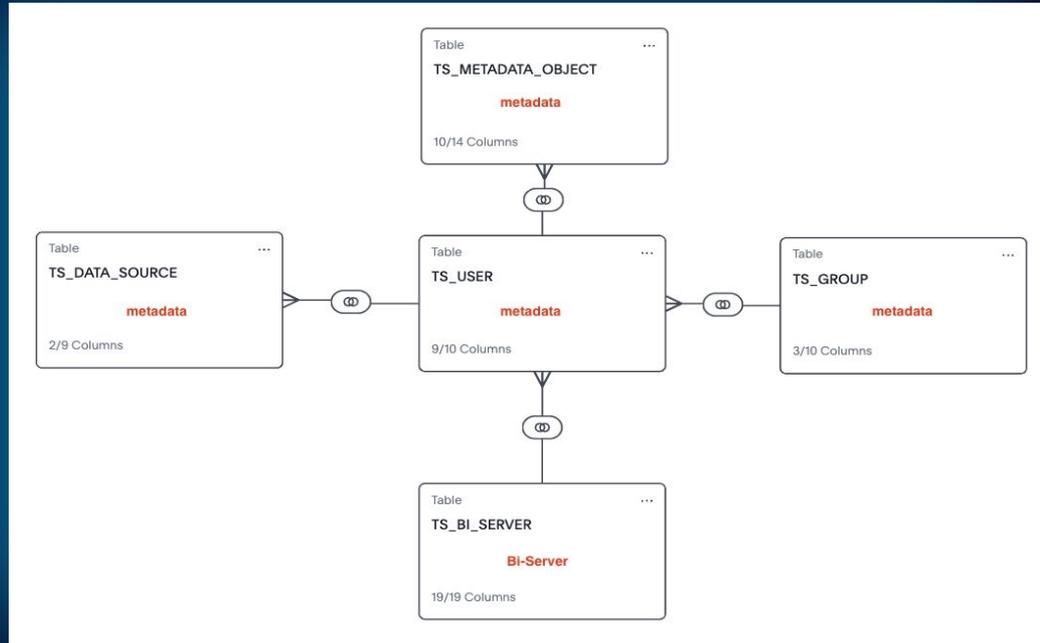

Metadata

- *cs_tools tools searchable metadata --help*
- This will download a several files to your local system (or the syncer set up).

Bi-Server

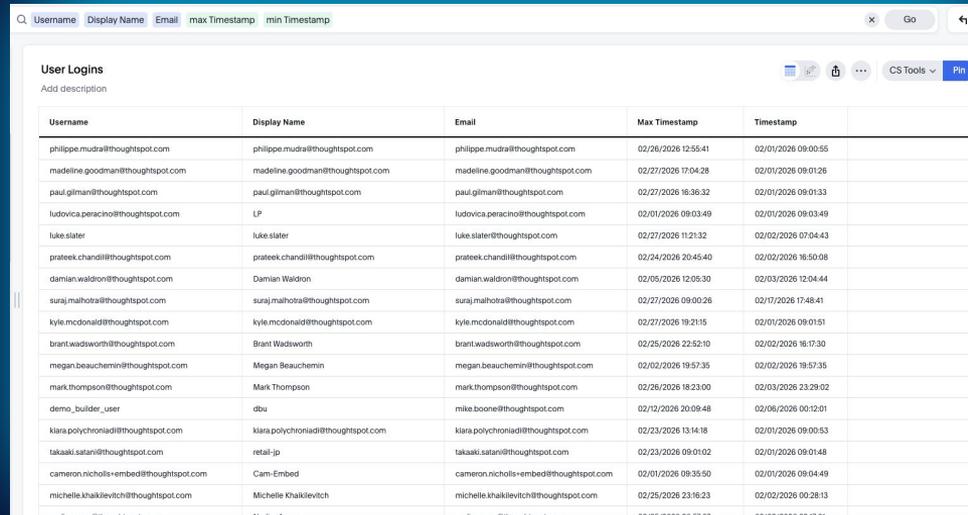

- *cs_tools tools searchable bi-server --help*
- This will download a bi-server files to your local system (or the syncer set up).

JOINS BETWEEN THE TABLES

User Login

Captures the list of users and when they logged into TS (First & Last).

The screenshot shows a web application interface with a table titled "User Logins". The table has five columns: Username, Display Name, Email, Max Timestamp, and Timestamp. The data is sorted by Max Timestamp in descending order. The table contains 20 rows of user login records.

 ThoughtSpot

WEBINAR

SpotMap:

The Official ThoughtSpot
Roadmap Webinar

Thursday, March 5th
8am PT | 4pm BST | 11am ET

Why SpotMap?

Your business relies on ThoughtSpot, and you need crystal-clear certainty about where the platform is going. Stop chasing scattered information. SpotMap is our new, simple, monthly event series designed to give you continuous, direct insight into our product direction.

What You Get in Every Session:

- ✓ **Direct Access to Leadership:** Hear straight from the Product Managers building the future of analytics. This is your chance to ask questions and get answers directly from the source.
- ✓ **Always Be Prepared:** Get a simple, consistent roadmap overview every month, ensuring you know which key features are coming across all major product lines.
- ✓ **Maximize Your Investment:** Eliminate guesswork. See the exact features and timelines you need to plan your team's training, adoption, and scaling of ThoughtSpot.

Agenda:

- ✓ **Analyst Studio**

Upcoming webinar

From BI to Agentic Analytics

Industry analyst John Santaferro shares his research on why traditional BI is falling short and how AI agents are becoming enterprise leaders' strategic thought partners

Date - April 16, 8am PT

[Registration link](#)

A promotional graphic for a ThoughtSpot webinar. The background is dark blue with faint, glowing blue human silhouettes. In the top left corner is the ThoughtSpot logo. In the top right is a square portrait of John Santaferro, a smiling man with a shaved head wearing a dark jacket over a light shirt. Below the portrait is his name, "John Santaferro". In the center, the text "LIVE SESSION" is in small white letters above the main title "From BI to Agentic Analytics" in large white font. Below the title is the tagline "Stop Looking at Data. Start Thinking With It." in smaller white font. At the bottom left, the date and time "April 16th at 8am PT | 11am ET" is shown with a clock icon. At the bottom right is a white rounded rectangular button with the text "Register Now" in blue.

How to Embed AI agents Without Rebuilding Your Stack

For years, embedding analytics meant shipping more dashboards and reports. But today, your users expect something different: the ability to get instant answers to their questions and act on insights directly inside your product.

Join **Nucleus Research analyst Alexander Wurm** and **ThoughtSpot's Brian Reynolds** for a candid conversation on how modern teams are embedding AI-driven analytics—without derailing their roadmap

Date - April 22, 8am PT

Registration link (TBA) not ready yet

The image shows a promotional card for a webinar. At the top left is the ThoughtSpot logo. Below it, the text reads 'WEBINAR April 22 8am PT | 11am ET | 4pm GMT'. The main title 'How to Embed AI Agents Without Rebuilding Your Stack' is displayed in a large, white, sans-serif font, with the words 'AI Agents Without' and 'Rebuilding Your Stack' on separate lines. Below the title is a square image of a hand holding a hammer, with a white 'X' in the top left corner. To the right of the image, the text says 'Real tactics from product teams who've already made the shift'. At the bottom right is a white button with the text 'REGISTER NOW'.
