- Lower analytics and BI costs with scalable self-service

Forrester, The Total Economic Impact™ of ThoughtSpot

Loved by startups, trusted by enterprises

CVS Health, Booking.com, CNA, JD, Wells Fargo, Afterpay, Mattel, Just Eat Takeaway.com, Verizon, Hilton

“IT was important to us to have a BI solution that was built using a serverless cloud-based warehouse, where we could feed from our source systems. With Google BigQuery as our cloud solution, combined with our partnership with Great Data Minds, this data could then come to life with ThoughtSpot as the front end analytics powerhouse.”

Lisa Sauer, Director of Finance, Modern Restaurant Concepts
